# Empathy Map Canvas

## What do they THINK AND FEEL?

what really counts  
major preoccupations  
worries & aspirations

## What do they HEAR?

what friends say  
what boss say  
what influencers say

## What do they SEE?

environment  
friends  
what the market offers

## What do they SAY AND DO?

attitude in public  
appearance  
behavior towards others

## PAIN

fears  
frustrations  
obstacles

1. Minor Pain will be frontend development due to lack of experience.

2. As Data science include many task like cleaning, creating visuals, model training and deployment. Time management will be a major frustration.

## GAIN

"wants" / needs  
measures of success  
obstacles

1. Would be huge gain by having knowledge in data science field and learn multiple libraries.

2. By this we can apply for data science job and fill resume more confidently.

3. By doing this project coordination and other professional or domain skills will be developed.
